

Flamborough CE Primary School

Growing with God and Striving for excellence

Friday 3rd May 2024

Celebration Assembly

Puffins – Blake & Joshua

Gulls – Adelynn & Freya

Kittiwakes – Noah, Eva, Millie & Kacey

Gannets – Oliver & Skyler

Bikability

Some of the Year 5 children took part in Bikeability training, which is designed for the children to learn practical skills and understanding of how to cycle on today's roads. The programme is designed to give the children confidence when cycling on the roads. It is something that we offer the upper KS2 children every year as road safety is so important. The year 6 will be doing theirs after SATs.

Kwik Cricket

Our Kwik Cricket team played in a tournament this week at Gypsy Road Sports Hall. They played well as a team and placed 3rd overall. Well done team.

Internet Safety

Do you need help managing your child's device? You can use Google Family Link or Apple Family Sharing to help you depending on your child's device.

Google Family Link

This is a parental control app from Google that lets you:

- See activity reports showing how long they spend on each app.
- Approve or block new app downloads.
- Set screen time limits.
- Find their location (using their device).

You will need to download an app and then decide appropriate settings.

<https://families.google.com/familylink>

Apple Family Sharing

You can set up Family Sharing in the settings of your device. Family Sharing allows you to:

- Share Apple subscriptions.
- Share purchases from the App Store.
- Approve what children purchase/download.
- Limit screen time.
- Share locations and find devices.

<https://www.apple.com/uk/family-sharing/>

You will probably know that Instagram is used to post photos and videos but did you know that it can also be used to message, voice/video call and send disappearing messages? Users can also upload to 'Stories' (which disappear after 24 hours), broadcast live and upload reels (short videos).

You must be over 13 years of age to set up an account.

To create an account, you must enter a date of birth (but it is not verified). When you set up an account for users under 16 years old, the account is set to Private. This is the recommended setting so that your child approves who follows them and sees their content. Even if your child's profile is private, their bio (at the top of their profile) can still be seen by everyone. Check they have not included personal information here e.g. they should not be wearing their school uniform in their photo. Instagram includes several privacy settings, so go through these with your child and ensure they are set appropriately. Settings include:

- Messages/Group chats – set who can message you/add you to groups.
- Story replies – you can turn this off or choose who can message you.
- Hidden words – turn this option on to hide comments/messages that may be offensive. You can also add your own custom words or emojis.

Make sure your child understands that there is a risk that content they upload can be shared with others, without their permission, as other users can screenshot it.

Have a lovely bank holiday weekend!
