40th Anniversary of Double Fishing Boat Tragedy

Forty years ago this year (7th May 1984), the double fishing boat tragedy occurred close inshore under the cliffs of Flamborough. That fateful day will live long in the memories of people who can vividly remember it unfold and those who were directly involved in the rescue bid. Seven people lost their lives that day in one of the worst fishing boat tragedies in the maritime history of the village, a day which will never be forgotten. Mrs Dinsdale and our school council attended the memorial service to pay their respects.

Kwik Cricket

The team received their certificates today for their effort in last week's competition. Well done.

Extra-Curricular Activities

Well done to Joey who has achieved another Blue Peter badge for his commitment to sport and his dedication to rugby. This badge was designed by football legend Leah Williamson

Summer weather

The weather has been looking up and with more nice weather to come, we need to take precautions. Could you please ensure that your children bring a water bottle to school every day, a hat and apply sun cream if the forecast is for sunshine.

Online Safety

Online sexual harassment – Talking to our children about online sexual harassment can be difficult which is why the Children's Commissioner have produced a guide to help you. The guide focuses on several topics that can often be difficult to talk about with our children such as body image and peer pressure.

Through the work of the Children's Commissioner, they found that we should start these conversations early, introducing topics in an age appropriate manner before a child is given a phone or a social media account (often around the age of 9 or 10). The guide is a 'starting point' and includes further links to other resources, young peoples' views and top tips from 16-21 year-olds. The guide and further information can be found here:

Have a lovely weekend!
